

SOBER CHECK TRAINING

Self-Review Report 2024

BACKGROUND

Sober Check Training is a relatively new PTE and has only recently received approval for its micro credential. No learners have been assessed yet and only one learner is enrolled at the time of this attestation. The documented systems that facilitate the outcomes of the code have not had the opportunity to be used with authentic data, so this attestation report is an assessment of the readiness of the systems for learner input. It is also right-sized to match the training offered by Sober Check Training, which is very narrow and limited in scope.

Stage of implementation for each outcome

Indicate the stage of implementation that most reflects your organisation’s current level of understanding and practice for each outcome, based on the continuum provided in Appendix 1.

Organisational structures to support a whole-of-provider approach to learner wellbeing and safety

	Rating
Outcome 1: A learner wellbeing and safety system	Well implemented / Implemented / Developing / Early stages
Outcome 2: Learner voice	Well implemented / Implemented / Developing / Early stages

Wellbeing and safety practices for all tertiary providers

	Rating
Outcome 3: Safe, inclusive, supportive, and accessible physical and digital learning environments	Well implemented / Implemented / Developing / Early stages
Outcome 4: Learner’s are safe and well	Well implemented / Implemented / Developing / Early stages
